

## **Resurrection Street Ministry, Inc.**

### **MISSION STATEMENT**

Our Mission Statement is simply "**Caring for our Neighbors.**"

As a faith based organization it is our mission to demonstrate God's love by providing food and relief for Veterans, Senior Citizens, and others in our community who are in need; to nurture and strengthen families either directly or in partnership with other agencies.

*As instructed by the Ten Commandments (Exodus 20:1-17).*

### **OUR VALUES**

Hunger is a significant problem facing the less fortunate people of our nation. By example we strive to teach others to emulate God's love by providing hope to those in need. Through Christian service we have global influence.

Sharing the Blessings of our Lord to those that have served (or serving) the values of "Peace on Earth" is also important to us. Through efforts of family, church, civic groups as well as individuals we make it possible to serve many of our neighbors in need.

*Providing for those as the Parable of the Good Samaritan in Luke 10:25-37*

#### **Equality**

Resurrection Street Ministry, Inc. recognizes and values every person and our differences. We believe in equality across racial, gender and class differences. We make every effort to show consideration, honesty and respect to all.

#### **Volunteers and Agency Partners**

Work can be done by anyone with a heart to serve others. We appreciate all leadership, staff, partner agencies and volunteers. They are a vital part of Resurrection Street Ministry without whom the organization would not exist.

#### **Financial Integrity**

As a publicly supported non-profit organization it is our intent to use wise stewardship in all situations. Resurrection Street Ministry is independently audited and our financial information is readily available to the public upon formal request.

#### **Planning**

Fighting the battle of poverty requires that we constantly strive to build relationships with donors, experts, partners and leaders in our communities to meet the needs of our neighbors.
