

**Resurrection Street Ministry, Inc.**  
**For all Volunteers and Employees**  
**Sex Offender Information**

The Food Bank and S.T.U.F.F. Thrift Store rely primarily on volunteers to accomplish our ministry and mission. Some of these volunteers are from adult group homes and ministry programs for men and women who have had substance abuse problems and may have been recently released from prison or jail. Therefore it is also possible for one or more of these individuals to be a registered Sex Offender.

Sex Offenders are not permitted to be near anyone under the age of 18 years of age. If anyone under the age of 18 enters the building area where an offender is present that person (by law and required for them to conform) is required to leave the area. The same rule applies to an outside work area. The offender is required to leave the area completely or go inside a building if a minor is present. They are subject to immediate arrest for a violation of this rule.

The management staff will always be aware of any Sex Offender who may be on site and take every precaution to be sure there is no violation of the laws regarding Sex Offenders. This notification does not infer that there is always a registered Sex Offender on site but is to inform you of the possibility.

I \_\_\_\_\_ have been provided with a copy of this Sex Offender Information and understand the information provided in it.
