S.T.U.F.F. THRIFT STORE POLICY

This guide is to insure an understanding of the policies and procedures for all employees, volunteers, community service workers and agencies while serving or working with Resurrection Street Ministry, Incorporated. The operation of the thrift store is first and foremost to pray for everyone that comes in contact with all that are a part of this Association or encounters it at all.

To be a business that exemplifies our purpose in our actions respective of everything the thrift store was founded on. That is to be of service to the organizations the ministry supports, the people that pass through the doors for service or as customers and the people and businesses that support all that goes on in the ministry. The Ministry is a Faith Based Organization but does not discriminate involvement due to gender (male & female), age, physical handicaps, nationality or religious beliefs.

- I) Employees
- II) Volunteers
- III) Community Service
- IV) Supported Agencies
- V) Supporting Businesses

Policies and procedures in this guide have been adopted by the Board of Directors of Manna/Resurrection and are subject to change. Notice of changes may not be given in advance unless such changes are against any Labor Contract Agreement, Federal, State, County and/or Local Laws. Any changes adopted will be posted in the Board of Directors Business file records, public postings and other media as available and/or required by the Internal Revenue Service, State and/or Local regulations governing the Ministries Non-Profit status.
